Article History

Show ▾

Please note that following a review the current version of Information Governance (3 modules) with LearnPro has now been replaced with the following courses from NES -

- NES: Safe Information Handling - Foundation
- NES: Info Handling in Practice - Intermediate

These courses will automatically be assined to your learning requirements within LearnPro and will have the same revalidation period of 24 months and there will only be a requirement to undertake once your current version of Information Governance has expired (an expiry notification will be sent by LearnPro to those staff using an email as their login, all others will see epired courses on thier LearnPro homepage when logged in).
