

**RE: Freedom of Information Request 201718 / 025 – Temporary Accommodation**

<b>Your Query</b>	<b>Date of Request</b>	April 2017
-------------------	------------------------	------------

Could the health board provide information on the use of Portakabins or similar temporary accommodation for patient care.

I am interested in:

1. The number of times temporary accommodation was used for A&E provision in 2013-14, 2014-15, and 2015-16.
2. The number of times temporary accommodation was used for other elements of patient care in 2013-14, 2014-15, and 2015-16.
3. The number of temporary accommodation units which are currently in permanent use for patient care.
4. The number of temporary accommodation units which are currently in permanent use for non-patient care (e.g. administration).

**Response****1. Historical A&E Usage**

Year	Number Used
2013-14	0
2014-15	0
2015-16	0

**2. Historical Patient Care Usage**

Year	Number Used
2013-14	3
2014-15	3
2015-16	3

**3. Current Patient Care Usage**

Year	Number Used
2017	2*

**4. Current Misc (i.e. Admin) Usage**

Year	Number Used
2017	1

\*Please note that decrease in temporary accommodation used for patient care in 2017 is due to the decommissioning of one facility in 2016-17.
