

RE: Freedom of Information Request 201718 / 108 – Junior Doctors Hours

Your Query	Date of Request	June 2017
Could the health board provide the average and the largest number of hours worked by junior doctors in the week beginning Monday 22 May 2017?		
Response		
The average number of hours worked by junior doctors during that period was 34.5 hours.		
The highest number of hours worked was 40.5 hours.
