

NHS Orkney Annual Report 2014/15

The NHS Board is required to publish an Annual Report to account to the community it serves and to other stakeholders for key aspects of its performance and it gives an account of its stewardship. The Annual Report is produced following receipt of a letter from the Cabinet Secretary for Health, Wellbeing and Sport documenting the outcome of the Board's Annual Review meeting. The 2014/2015 Annual Review took place on Wednesday 23 September 2015 and a letter was received from the Cabinet Secretary on 2 December 2015.

Annual Review

The Annual Review for NHS Orkney was a Non-Ministerial Review for a second year and was conducted by the Chair of the Board supported by the Chief Executive.

The day began with meetings with the Area Partnership Forum, Area Clinical Forum and with a group of patients and carers to listen to their experiences. This was followed by an evening Public Session. The detail around the areas of discussion are contained in the letter from the Cabinet Secretary.
